PROJECT FEATURES

The complex is located between Al-Amal Street and Marasi Drive in the western part of Business Bay. The tower is surrounded by offices such as Eagle Building Contracting in the south. The Zada Residences complex is built near Downtown Dubai. Residents can get to any location by public transport. One of the most sought-after ways to travel is the subway. The nearest station to the residential complex is in Business Bay, a 15-minute walk away. The second option is to take a bus. There are several bus stops near the Zada residences, one of them is the Lilian Tower.

Taxi is a popular type of transport with citizens and tourists. The average cost of the trip is AED 55 ($15).

If you are looking for an investment property in Dubai, Zada Tower deserves your attention.

LOCATION OF THE TOWER

Business Bay is a mixed-use area consisting of residential and commercial buildings. Located near the center of Dubai, it has everything you need: from premium restaurants and large shopping malls to mosques and schools. The area is close to Sheikh Zayed Road and Al-Hail in the west and east, respectively. The picturesque Dubai Canal is the most significant part of it. The canal divides the Business Bay into two parts.

From Zada Tower, you can drive to Dubai Mall in about 10 minutes, Palm Jumeirah — in 20 minutes, Burj Al Arab — in 19 minutes, and Walk JBR — in 24 minutes.

Dubai International Airport (DXB) is about a 19-minute drive away, and the new Al Maktoum International Airport is a 44-minute drive away.

Next to the project, there is a wellness center and landscaped gardens where you can spend time.
